To any or all of these services McGill men are cordially invited.

"DAILY WEEK" WILL START ON MONDAY

Students, However, Are Already Active

TWO-FOLD OBJECT

To Increase Advertising and Patronize Advertisers

Although the official opening of "Daily Week" will not take place until Monday morning the results of the activity on the part of the students is already beginning to show and there has been an increased amount of activity in the advertising office for the past few days. The undergraduates are apparently displaying a great amount of spirit in backing the movement and the attitude of the merchants about the city is a reflection of the manner in which they have been approached.

The beginning of next week will see the organized campaign getting under way with all of the classes and societies in the university working together to make the week a big success. The committee in charge of the plans for the coming week have spent some time during the past few days in an effort to have everything running smoothly when the campaign gets under way. The indications are that the drive will be one in which the Students' Council will have the co-operation of every man.

The plan which has been put forward by the Students' Council has two main points. The first is that every student who can do so will be asked to use his influence to increase the advertising accounts of the college paper and the second that every man in the college will join in an effort to patronize the advertisers in the Daily.

SWIMMERS CANNOT MEET U.S. COLLEGES

Proposal of Brown and Dartmouth Regretfully Declined

The McGill Swimming Club will not be able to meet Dartmouth University this season nor receive Brown University in return for McGill's trip there last season. These two points were the chief subject of discussion at a meeting of the Club held yesterday afternoon in the Union. President Laidley of Science '23 read letters from both Universities and the contents of these letters was discussed. Dartmouth had written early in the season to arrange for a meet but owing to the fact that no date satisfactory to both parties could be hit upon the project had to be abandoned for this season. It was felt that a return meet with Brown University would necessitate too great a demand on each individual member of the club to make up the necessary guarantee. Under present conditions the membership is limited and support on a large scale difficult to obtain. In replying to Brown University, however, the McGill club assured them that as soon as better facilities were obtainable a meet would gladly be arranged. After some little further discussion on other topics of business the meeting adjourned.

WHEN WINTER COMES.

When winter comes there will be plenty of teams wishing to make trips in order to meet other colleges. The number of trips will depend largely on the revenue the Council receives from the advertising in the Daily. Help yourselves by patronizing our advertisers, and don't forget to tell them where you come from.

RESULTS OF YESTERDAY'S ELECTIONS

Cope, Higgins, Shatford and Webster Elected

CLOSE FIGHTS

Shatford Has Majority of Ten Votes in Science

The results of the election of Faculty Representatives to the Students' Council, held yesterday, show that Messrs. Cope, Higgins, Shatford and Webster were elected to represent the Faculties of Arts, Dentistry, Science and Medicine respectively. D. Anderson is the Law representative by acclamation.

The closest fight was in Science, where Shatford had a majority of only 10 votes over Ogilvy, and the candidate having the largest majority was Webster, who had a majority of 52 over McGregor. Heavy votes were polled in Dentistry and Science, in the former 93 per cent and the latter 84 per cent of the students casting their votes. For Medicine a total of 356 votes out of a total registration of 719 were cast, or practically 50 per cent. In Arts 436 votes out of a total registration of 832 were recorded. It must be remembered, however, that in this latter case of the total registered about 150 votes must be deducted to account for the women students, who are ineligible to vote.

The results follow:

FACULTY OF ARTS	
C. Cope	239 votes
D. Morrice	197 votes
Majority for Cope—42	
FACULTY OF APPLIED SCIENCE	
Shatford	217 votes
R. F. Ogilvy	207 votes
Majority for Shatford—10	
FACULTY OF MEDICINE	
D. V. McGregor	152 votes
L. H. Webster	204 votes
Majority for Webster—52	
FACULTY OF DENTISTRY	
Bushell	42 votes
Higgins	80 votes
Majority for Higgins—38	
Total votes cast	1338
Total registration in four Faculties	2081
Percentage voting	64

TICKETS GO ON SALE MONDAY FOR FORMAL

On Friday, the next informal dance will take place at the Union. The McGill Dance Orchestra will be on hand to manufacture "jazz" and other important arrangements are being completed. The tickets will be placed on sale at the Union on Monday, and judging by the success of the previous dances, the advance sale will be very great. The price will be the same as before, two dollars.

TO DISCUSS RUGBY RULES IN TORONTO

Intercollegiate and Interprovincial Meetings Today

VARIOUS QUESTIONS

Forward Pass, Interference and Hurdling to be Studied

Toronto will be the scene of two meetings today at which the changes in the football code for next year will be discussed. The Intercollegiate Rules Commission is meeting in that city and there is also a gathering of the Interprovincial Rugby Union to discuss their plans for the coming season.

The McGill delegates to the Intercollegiate Rules Commission meeting will be Eric "Buster" Reid and Jack Lewis, both of them former players on the Red and White team. Dr. Lorne "Monty" Montgomery is one of the McGill representatives on the Rules Commission at the present time but as he is at the Johns Hopkins Hospital in Baltimore at the present time he is unable to be present and Jack Lewis is taking his place.

Just what changes there will be in the rules it is hard to state as the delegates from the various colleges in the Union have their own points to bring up and have not signified what they will be. It is probable, however, that there will be some changes in the penalty rules this year and changes will be made to lessen the chances of injury in the game. It has been stated frequently during the past year that the penalty of fifteen yards for offside interference on the line of scrimmage is by far too severe as it often works hardships against a team that really does not wish to offend against the

DAILY STAFF TO HEAR MR. WRIGHT

Prominent Member of "Star" Will Be Speaker

Mr. George F. Wright, of the Montreal Daily Star, will deliver an address to the members of the "Daily" staff at the meeting to be held on Monday evening in the Editorial offices. This will be a general staff meeting, at which, in addition to the male members, the R. V. C. representatives will be present.

Mr. Wright as a newspaper man of considerable experience, will be able to give a great deal of helpful advice to the "Daily" men, who are for the most part comparatively inexperienced in the art of news writing, an art which only experience can teach, but which nevertheless is cultivated a great deal easier when some idea of the principles and fundamentals of news writing is obtained. The management of the "Daily" each year have been in the habit of inviting one or more prominent newspaper men throughout the year to address the staff; this year it is hoped that several speakers will be obtained. Mr. Wright's address is to be the first of a series of talks to the staff. The meeting will commence at 7.30.

SHARP CRITICISM OF NEW CABINET

Opposition Leader Takes Constitutionalists to Task

The following opinion was expressed by R. K. Jones, leader of the Opposition, when questioned on the personnel of the new Cabinet of the Constitutional Party:—

It is exceedingly difficult to contemplate the Cabinet of the so-called Constitutionalists, in a serious manner. Numerically, to be sure, it is strong, but in this very fact lies great weakness. There are six Ministers without portfolio—six! What a breach of the best government standards it is to swamp the working Cabinet with six men who have nothing to do but sit around. And into how many factions and rival groups must the government party be broken up, if six absolutely unnecessary and superfluous honors are conferred for their pacification. No government which leans upon the fluctuating edifice of political plums for the allegiance of its members can, with any security, face the highly intelligent and discerning electorate of McGill University. Students will

at once perceive a disunited and heterogeneous apology for a government, with an unwarranted preponderance of budding lawyers. Never before, in the history of the country, have six hangers-on been permitted to loaf within the hallowed precincts of the Cabinet body. And why do the Constitutionalists do it? Simply because six warring factions within their midst are left unappeased after the nineteen proper portfolios have been awarded, and six additional must be artificially created and thrown to the disgruntled members. Is McGill to be ruled by men whose only claim to ministerial rank was a sulking objection to exclusion from it? At this day, when the public eyes with growing suspicion the lawyer in politics, is McGill to passively accept a governing body completely controlled by those wary sons of Justinian? Surely such is class rule, and what is more deadly to the high ideals of justice and equality of burden than a class regime? Law there must be; but of lawyers we may get too many; and with the rhetorical rhythmic rule of lawyers the students of McGill will soon become surfeited.

COSMOPOLITANS ON FASCISTI MOVEMENT

Interesting Discussion at Strathcona Last Night

At Strathcona Hall last night, Latoni, in the Faculty of Law, gave a very interesting address on the Fascisti movement in Italy, which has had such wide publicity of late. The meeting was held under the auspices of the Cosmopolitan Club. Photos, Arts '23, occupied the chair. Musical numbers were rendered during the evening, which added greatly to the success of the meeting.

In brief, Latoni's address was as follows. The Fascisti movement had its birth several years ago, when a few men minded themselves together under the leadership of Benito Mussolini. Their object was to obtain good laws, and to exercise their influence against the Bolshevik invasion. So complete was their organization and so popular was their ideals that the membership of the Fascisti increased by leaps and bounds until to-day they number over a million. There is no secrecy about their organization, such as the Ku Klux Klan of the United States, but on the contrary, it was a society whose meetings were open to public criticism at all times. It is organized on the system of the former Roman Legion, and the active members have a special uniform. Recently the Fascisti came into power in the Italian Parliament, where Mussolini and his associates expect to exercise a much wider influence in the affairs of Italy.

Latoni, continuing, said that the movement was essentially capitalistic, and was necessarily so because of the strong Bolshevistic tendencies that were appearing in various sections of Italy. In concluding his address the speaker

A MEANS AND AN END

What is usually termed "initiative" is frequently nothing more than an ability to supply an idea. The man who is capable of suggesting an original mode of procedure, an unexpected means of accomplishment, is the man who will take command and receive credit for "initiative". As we are constantly reminded, college should have as one of its aims the development of just such a quality, and in the case of the man who grasps his opportunities this aspect of character building generally receives due emphasis. Likewise, one of the results of an education should be to encourage originality in speech and thought; if this be accomplished a long step, has been taken towards bringing out the best in the student.

Individuality of thought is always admired and in the great majority of cases deservedly so. That person whose processes of reasoning differ from the mass is certain to make this divergency apparent in his actions at some time or other. Where the average would be content with a mediocre success he will expect something better—and more often than not he will achieve his desire. We feel that one criterion by which to measure the success of an education would be the degree in which it cultivates dissatisfaction with the notion of "good enough", and the manner in which it incites endeavour to rise above the mediocre. We also feel that the justification for such a standard is in the large number of university graduates who have assumed places of importance in the professional and business world, and who have used their positions to disseminate the benefits of their earlier training among those about them.

THE ELECTIONS

The response of the student body to the appeals issued for active interest in the Faculty Elections has been most gratifying. In one faculty, that of Dentistry, there was registered practically a hundred per cent vote; in the other buildings there was a thoroughly representative poll, Science being particularly noticeable. The satisfaction to the successful candidates is rendered doubly sincere when they are assured that they are chosen by a true majority. Those on the Council who will vacate their office on the first of the New Year in favor of the men elected yesterday, may look back upon their term of activity without regrets and with considerable self-fulfillment when they remember the enthusiasm manifested by the undergraduate body in campus affairs as evidenced when brought out under the co-operation instituted this year between the various executives under the centralizing influence of the Students' Council. Those about to take office may do so with confidence when they reflect upon the previous record of the Council and the offer of success which the future holds out.

EDITORIAL NOTE

The next ten days are crowded with activity for the students of McGill—indications of the approaching Christmas Holidays in no less degree than the snow and the cold weather. Each organization will seek to send its followers away with memories of a last spirited meeting, and each undergraduate is anxious that he miss nothing that the succeeding week or so of college may proffer in the way of entertainment, recreation or other activity. Consequently from now till the twenty-first of the month we may expect a lengthy Notice Column and an all-inclusive "What's On."

"DAILY WEEK" WILL START ON MONDAY

(Continued from Page 1.)

and spend the week in showing the merchants holding accounts with the paper that they are getting returns.

The coupon that has been appearing in the paper for the past few days and which should be filled out by every student showing the merchants with which he deals has already been handed in by large numbers of the men but the committee will not be satisfied unless they are returned by every person in the college. In this connection a large number of the coupons are being printed on slips of paper and will be distributed to the classes at the beginning of the week so that the undergraduates will not even have the trouble of clipping them out of the paper. The advertising department has announced that the names of the men will not be used in any connection whatsoever but the information compiled from the coupons will enable them to judge where the student trade is going.

The campaign committee has stated that the point which the Students' Council wishes to bring before the students is that on the success of the drive next week will depend the extent to which other student activities can be carried out during the rest of the session. The Daily has always been one of the sources through which revenue was received in order to carry on the minor clubs and if the revenue decreases the activities of the other clubs will have to be curtailed accordingly. Football receipts, always a large factor in the finances of the students, have fallen off considerably this

year and this fact has thrown a still heavier burden on the Council which can only be overcome by the present campaign.

The full details of the plan of campaign has been sent to the presidents of all the classes and undergraduate societies and any student desiring to get the facts can do so on application to these men. On the committee in charge of the drive are all of the faculty representatives to the Students' Council. These men are: Arts, Bert Tremaine; Law, John Robinson; Science, Eddie Crain; Medicine, Laurie Parlow; Dentistry, Harry Laishley. Any information required by the students can be secured from the above men or an application to the office of the Students' Council in the McGill Union.

gave an interesting sketch of the life and character of Mussolini, who, till the war a Communist, had turned to the Fascisti organization as the best way of helping his country.

At the conclusion of the address, several of those present took exception to the speaker's address, and a long discussion followed on various phases of the Fascisti movement, and on the ideals it represented as well as on the question of whether it really represents the will of the people as a whole, or only a section.

The meeting closed with several of these points still unsettled, but it was very successful, and many interesting facts were brought to light.

NOTICES

ANNUAL NOTICES

Subscriptions.

Class presidents have subscription lists for the 1924 Annual. The attention of the students is drawn to the fact that no books will be published except those actually subscribed for.

Write-ups.

Class and club articles for the Annual must be handed to the Biography Editor, your Faculty representative, a member of the Annual Board, or left at the Hall Porter's desk, Union, without delay.

Photographs.

Individuals, Clubs and Societies who wish their photographs to appear in the Annual will have to telephone Mr. Burroughs at St. Louis 5096, and make a special appointment. Because of the Christmas rush at the photographers, pictures must be taken immediately.

Proofs.

The photographers report that several proofs, chiefly of group pictures, have not yet been returned. Some of these were delivered by the photographers as long as two weeks ago. Will the groups kindly see that all proofs are returned without further delay.

The following is a revised list of headings to be published in the 1924 Annual, both humorous and serious: Arts, Arts Juniors, Commerce, Commerce Juniors, Medicine, Medicine Juniors, Science, Science Juniors, Law, Law Juniors, Dentistry, Dentistry Juniors, R.V.C., R.V.C. Juniors, Music, Theologs, M.S.P.E., Student Organizations, McGill Daily, Athletics, Mock Parliament, Fraternities, and "The End."

Although a number of the above designs have been promised, several still remain to be done, and it will be noticed that additional designs have been called for in the last few days. Those willing to undertake the design of one or more of the above headings, are urged to see the Art Editor, P. R. Wilson, Architectural Dept., Engineering Bldg., before starting work, and as soon as possible. One copy of the 1924 Annual will be awarded to every artist whose work appears in the publication.

ARTS '23 NOTICE.

Members of Arts '23 desirous of securing a copy of the 1924 Annual are asked to sign the class subscription list in the hands of A. T. McIntyre, immediately, as the last will be withdrawn in a few days.

BASKETBALL

The following players are asked to turn out this evening for the game against Central Y.M.C.A. Crain, Manson, Little, Amaron, Hilton, Turpil and Blumenstein. Through an oversight, the name of Turpil was not published in the list yesterday. This game will be played in Molson Hall, commencing at eight o'clock.

GLEE CLUB, IMPORTANT!

Members of the Glee Club are reminded to turn out sharp on time for the two remaining practices in order that everything may be finished up satisfactorily before the final rehearsal in the Convocation Hall. Bring Songbooks.

The ticket committee is asked to be prepared to give particulars about the sale of tickets. Each man must report to the head of his team as soon as possible, in order that this may be done.

R.V.C. IMPORTANT!

As a number of the tickets for the Thé Dansant have not been accounted for in either money or tickets, would those girls still holding such make a special effort to have them turned in as soon as possible.

OTHER CAMPUSES

At a recent meeting of the Mock Parliament of Mount Allison University, a rather humorous incident occurred. The speaker of the house insisted that he wear the mace upon his head; the deliberations of the House were unable to continue until the mace had been replaced on the table, and the speaker had been provided with more suitable headgear.

Now that the important American college games are played, the critics are busy selecting mythical eleven made up of the best players in the east and also ranking the teams in order of merit. Princeton is the almost unanimous choice for the premier honors; the best known of the first ten teams are: 1, Princeton; 2, Cornell; 3, Army; 4, Syracuse; 5, Navy; 6, Harvard; 8, Yale.

Note:—In the discussion in regard to McGill's game with Syracuse this fall, it should be remembered how highly the Syracuse team is rated by the American football experts.

Under the heading: "Great Teamwork and Large Gains Displayed in Scrimmage for Food" is a very interesting account of a football banquet at the Ohio State College, which is written in football language. A quotation from the report follows:—"Ye old fighting spirit, which characterizes the Ohio State Eleven was stirred up and soon 'Chicken and Company' were overpowered, the team proving itself superior."

The University of the City of Toledo are in favor of indoor work for their track team. The men are divided into three different classes: (1) Sprinters, 100 yards, 220 yards, 440 yards; (2) Distance men; (3) High jumpers, pole vaulters and weight men, and they practice on different days so as candidates will receive individual attention.

Some girls are real sports, some girls don't know how to be, and others just couldn't if they had to, but Lawrence has some of the real kind, and they have lots of real good time, too. You're darn right! They don't stand around in a corner and wish they had something to do, they get out and find excitement. It didn't take some of our attractive co-eds long to discover that Edward Pfeil, with his splendid horses from Fohraim had arrived in Appleton for the winter. Straightway they rushed down to learn the rules and regulations by which he rented his horses and it wasn't long before a number donned the conventional garb and sallied forth.

And what's more they proved their ability as riders to a much better degree than did a Lawrence chap who—Yes, I might as well tell you the story.

He's a senior, a real confident one, who being seized with the desire to try out one of the venerable steeds started out one morning. The horse didn't feel like a gait swift enough for the senior, so the senior started to reason with him. The mount objected to the interference rather strenuously and although, as far as is known, he was never an inmate of a circus, he commenced to perform. The ast passerby saw of the affair was a decidedly disgruntled and raving senior, clinging somewhere in the vicinity of the beast's neck and waiting for the next stunt.

Yes—we'll have to hand it to our Lawrence girls, they certainly can ride with better results than some of their "would be" friends. And lots of them have pen, and still better they know how to use it, which is the best compliment of all.

So boys—when you get disgusted with Lawrence, and the girls and everything just decide you haven't really got into things. Get out—and get acquainted then if you don't find some really, truly, interesting persons on the campus—why, I'll give up.

Lawrence College evidently has a large number of feminine riding enthusiasts.

THEOLOGS. GIVEN FINE RECEPTION

Second Gathering Last Night—Board Members Present

The reception tendered by the Joint Board and Faculty of the Co-operating Theological Colleges of Montreal to the student body last evening in the Assembly Hall of the Presbyterian College was an immense success. It was the second annual reception of this kind to be held. The object in holding these receptions is the encouragement of fellowship among the different theological colleges; that this object is being achieved was clearly shown last evening by the large gathering of members of the Board and Faculty, visiting clergymen from the city, and the theologs themselves, with their friends.

Mr. Birks, the Chairman of the Board, and Dean Rexford, of the Co-operating Colleges, welcomed the guests while the student body provided an excellent musical programme, consisting of the following selections:

PART I.

Reception and Students' Orchestra.
Quartette—Messrs. Collins, Rose, Knowles and Smith.
Solo—Mr. E. Moulard.
Trombone Solo—Mr. O. B. Strappe.
Solo—Miss Helen Johnston.
Recitation—Mr. H. White.
Harmonica Selection—Mr. C. Summers.

PART II.

Words of Welcome—Mr. William Birks, Chairman of Board.
Solo—Mr. E. Moulard.
Recitation—Mr. H. White.
Solo—Miss Helen Johnston.
Harmonica Selection—Mr. C. Summers.
Quartette—Messrs. Collins, Rose, Knowles and Smith.

Responses—The Dean and President of Students' Society.
Locke, President of the Students' Society, in his speech, after thanking the Board and Faculty, spoke of the immense success which is attending the so-called Montreal Plan of Co-operation with a joint faculty among the theological colleges.

Dean Rexford replied, and further emphasized the success of the plan. Delicious refreshments, the work of Mrs. Williams, Lady Superintendent of the Presbyterian College, closed this enjoyable annual event in the lines of the theologs.

OUR MUTUAL FRIENDS.

Our mutual friends are the merchants who advertise in the Daily. Buy from them, and don't forget to let them know you are from McGill.

If the place where you usually spend your money doesn't advertise in the Daily ask them why not. If they don't think it is worth while there are plenty of others who do.

CORRESPONDENCE

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE SIDE OF THE PAPER ONLY.

The Editor, McGill Daily:

Sir—I would like to congratulate Mr. Campbell Cope on his election as Arts representative on the Students' Council and also to thank my supporters, and I can assure them that this office will be as successfully filled by Mr. Cope.

DAVID R. MORRICE.

The Editor, McGill Daily:

Sir—I want to take this opportunity of congratulating Mr. Webster on his election as Medical representative to the Students' Council; also I wish to thank my supporters and to assure them that my successful opponent will make a very keen and successful member of the new Council, looking after the affairs pertaining to Medicine and also the student body as a whole.

D. V. MCGREGOR.

The Editor, McGill Daily:

Sir—I desire to take this opportunity of again congratulating Mr. R. A. Shatford on his election as Science representative to the Students' Council. Science may rest assured that it has excellent representation on the Council for the coming year.

I wish to thank my supporters also for excellent aid given me, which I appreciate deeply.

ROBERT F. OGILVY.

The Editor, McGill Daily:

Sir—I desire to thank all those who supported by voting for me to-day.

FIRST HOCKEY PRACTICE ON CAMPUS RINK

To be Held This Afternoon at Two o'clock

FAIR PROSPECTS

Number of New Men Expected to Join Squad

Hockey at McGill for the session 1922-23 will be ushered in this afternoon when the initial practice for the Senior, Intermediate and Junior squads will be held on the Campus rink, starting at two o'clock. The routine of this first practice will be: all newcomers to the squads out at two, and last year's men at three. This practice will be in the form of a preliminary workout, and on Monday regular hours will be available at the Arena.

Coach Shaughnessy will be in charge of today's workout, and will select the squad who will go to the Arena starting Monday. The remainder will practice next week on the Campus rink under the supervision of "Matty" Dineen, who will pick out promising men and send them up to the Arena. By this means it is hoped to give every man of ability a chance to make one of the teams, and also it will enable a far greater number of candidates to practice.

Prospects for the Senior squad seem fairly bright. Of last year's team there are left Flanagan, Dempsey, McGerrigle, and Lynch, and there are several new men who are reported to be of senior calibre who will be out tomorrow, it is expected, as well as several members of last year's Intermediate and Junior teams who have aspirations towards the Senior team, so there should be no dearth of material from which to pick.

Two other universities in the Intercollegiate Union are already hard at work, Toronto having been practising on the artificial ice in Toronto for two weeks, and the Université de Montreal having been using the ice at Longueuil for the last few days on which to practice. It is therefore necessary that the McGill squad should get under way and today's practice as a preliminary to hard work next week should give an indication to the coach of what the prospects of a championship are.

All men turning out are reminded that physical examination before coming on the ice is absolutely essential, failure to comply rendering a man liable to indefinite suspension from athletics.

Equipment may be obtained from the manager this afternoon at the Union. Practice starts promptly at two o'clock, Monday's practice at six-thirty.

SENIOR SQUAD IN CITY LEAGUE GAME

First Basketball Game Tonight Against Y.M.C.A.

Basketball enthusiasts will have their first opportunity of seeing the Senior McGill team in action tonight, when the Red and White squad meets the Central Y.M.C.A. team in Molson's Hall at eight o'clock, in the opening game of the City League series.

The Seniors have been rounding into form steadily during the past few weeks, and are quite ready to test their strength against the "Y" men. The team will be composed of, in almost every case, men who played on last year's championship team, the only new men being Hilton, and Timpell, who was substitute forward last year. There has thus been no time wasted this year in getting the men accustomed to one another's style of play, and many of the same very effective plays and combinations which were the great factor in last year's success will no doubt be tried again tonight. The game should, as the great test of the strength of the team, do a lot towards showing up the weak points, and also will prove very beneficial to the team who have hitherto had no opportunity of playing together throughout a full game this season. The McGill team, it was announced last night, will be composed of the following men:

Defence—Crain, Hilton, Forwards—Manson, Little, Amaron or Timpell.

Spares—Blumenstein.

The game starts at 8 p.m. sharp in Molson's Hall.

R.V.C. BASKETBALL AT MOLSON'S HALL TO-DAY

The third of the series of games in the Basketball Tournament will be played in Molson's Hall in the following order this afternoon:

IV Year (Second) Team vs. Grad. Partial Team.

IV Year (First) Team vs. II Year (First) Team.

IV Year (First) Team vs. I Year (First) Team.

Every player, no matter which game she is playing in, must be on the floor ready to play at 2 p.m. sharp.

FINE BOUTS AT ST. ANNE'S LAST NIGHT

McGill Boxers and Mat Men Put on Great Display

FACULTY ELIMINATION

Brown vs. McLean Was Feature of Evening

Last night, at St. Anne's, before an enthusiastic audience, composed of Macdonald students, the McGill B., W. & F. staged several bouts of the inter-faculty championship series. The occasion was a smoker given by Macdonald in honour of their cattle judging team that had just returned from Chicago. The McGill men supplied the major part of the programme, the boxing and wrestling, while Messrs. Stevens and Snyder, of Macdonald, entertained the men with music.

Dr. Harrison, Principal of Macdonald College, spoke during the interval between the boxing and wrestling, and gave the Macdonald men an account of what their team had done at Chicago.

Professor Barton and J. B. Smith also spoke.

Refreshments were served and smokes distributed freely throughout the evening.

The first bouts put on were wrestling. Howes and Adams gaining the decisions in the 135-lb. and 158-lb. classes respectively.

Howes met a clever opponent in Clement, and was forced to extend himself to the limit to avoid being thrown.

Adams secured a fall from Shaw after six minutes of wrestling, by means of a leg and arm hold.

Prior to the boxing bouts, "Windy" Brewer explained to the men, that the events to follow were of the inter-faculty series. He also announced that the fight scheduled between Azeff and Murphy had been called off on account of an injury to Azeff's eye, and in place of this bout an exhibition would be staged between himself and Potter, of Comm. '25.

The first battle was between McLean and Ross, 125 lb. class, both of Arts. After a hard fight, in which both fighters received considerable punishment, Ross was awarded the decision.

Donahue and Pitt, 135 lb. class, of Science, gave the spectators lots of action in the second bout, and tore into each other like wild cats. Donahue forced the fighting in the first round, and appeared to have a shade. The start of the second found both fighters cautious and wary. Pitt finally opened up and rocked Donahue with a series of terrific rights to the jaw. This was Pitt's round all the way. The third round was full of action, Donahue using his left to advantage, while Pitt brought his right into play. The fight was so close that the referee called for an extra round, and both men came up for the final with determination on their faces. Pitt assumed the offensive and after getting Donahue in a groggy condition, was awarded the bout.

Following this fight, the heavyweight wrestling followed. Armstrong and Vineberg were the contenders. Armstrong secured two falls, the first in six minutes and the second in three.

Refreshments were served following this match, and "Windy" Brewer once more took the floor. He urged the Macdonald men to get into the boxing and wrestling game to help out McGill, as Macdonald was really a part of this college, and should be represented in the intercollegiate meet.

McLean and Brown, 175 lb. class, of Science, then entered the ring, and the fight that followed proved the feature of the evening's card. The battle opened with terrific slugging by both fighters, McLean drawing blood shortly after the start. In an exchange of blows the men got mixed up and both went to the floor; regaining their feet, they went at it harder than ever, and the bell found them exchanging heavy punches. The second round was a repetition of the first. Brown drew blood with a terrific swing to the head, and both fighters presented a gory spectacle as the round closed. Both fighters were tired at the start of the third, and slowed down considerably. Towards the close of the round McLean became the aggressor, and battled Brown into the ropes, at the same time receiving considerable punishment. The referee gave the decision to McLean, and both fighters were given a great hand by the crowd.

Brewer and Potter then staged their exhibition bout, and the spectators were treated to a pretty display of footwork by "Windy," who proved a most elusive target for his lanky opponent, Potter.

The McGill boxers being forced to catch the 10.30 train back to town, the entertainment came to a close. Stan Walsh of Macdonald, moved a vote of thanks to the McGill men, and three cheers were also accorded them.

The finals of the inter-faculty eliminations will be held this afternoon at Molson Hall.

CLASS HOCKEY REGULATIONS

Managers of Class Teams are requested to note the constitution as printed below:

MCGILL UNIVERSITY HOCKEY CLUB, 1922-23.

Regulations Governing Class Hockey.

1.—All authority with reference to practice hours, dates of games, and times of same, eligibility of players to compete and appointment of officials, together with the conduct of games and practices shall be vested in the Manager of Class Hockey, who shall decide the case on its merits and his decision shall be final.

2.—In the absence of the Manager his duly appointed representative, or a substitute appointed by the Hockey Club shall exercise his powers.

3.—Each Class shall appoint a Class Manager and a Team Captain, one of whom must be present at each practice. He must give his name and class, and telephone number to the Manager. If either the Class Manager or Team Captain is absent the other may act for him.

4.—The duties of a Class Manager shall be:—

1.—To see that his players are present punctually, that they leave promptly at the end of the practice and without disorder, and that the property of the Club is handed over intact.

2.—To furnish the names, initials and Faculty Year of every man playing or practicing to the Manager. Each player must sign his name on forms provided at rink for this purpose, and the Manager must see that these forms are correctly filled in for both practices and games.

3.—If placed in charge of the practice, he will see that no man takes part who has not in his possession either an "A" or a "B" category card. This will be entered in the Attendance Book in the column provided. No "C" or "D" category men may take part in any practice or play in any game.

4.—If in charge of the practice, he will see that no rough or dangerous play is permitted, and will see that any man injured is attended to, notifying the Department of Physical Education at once by messenger.

5.—He will furnish a list of players the day before any game to the Department of Physical Education, Molson Hall, on the form provided. No man can play whose name is not entered.

6.—He will be responsible that every man so entered is in the proper Category, and good standing in the Club. The Club is not bound to notify him that a man is not eligible; he must enquire of the Manager at least two days before the game.

7.—He will sign in the book provided for all equipment issued, and see that it is returned in good order at the end of the practice.

8.—In the event of bad or inclement weather he will enquire at the Secretary's Office in the Union whether there will be the game or practice as scheduled.

9.—In the event of a protest he will forward the same in writing to the Manager on the day following the game.

10.—He will make himself familiar with all changes and new rules as they are published, and publication in the "Daily" shall be sufficient notice.

5.—Practice hours will take place as scheduled, subject to alteration as circumstances or the state of the weather may require. An hour cancelled for any reason cannot be replaced by another hour, but attendance will be allowed. Hours will be rearranged at a later date.

6.—The attendance of all years will be recorded on the forms provided by the manager, or at his discretion by the Class Manager. This information is of great statistical value, and will be required to be carefully kept, especially as regards spelling, initials, faculty and years of players.

7.—Insofar as the Regulations governing Compulsory Physical Education is concerned, attendance by First and Second Year men in lieu of other forms of athletics will be governed by the Regulation governing Attendance at Lectures, and failure to attend will be reported to the Department of Physical Education.

8.—Eligibility to compete in games will be governed by the rules of the Athletic Association. A man shall be ineligible who

(1) Takes part in outside athletics without the sanction of the Athletic Association.

(2) Has not been medically examined as prescribed by the Department of Physical Education and in accordance with the rule adopted by the Athletic Association.

(3) Has previously played in this Session for more than one half of a game or has taken part in more than one game on the Intermediate or Junior Hockey teams or has at any time in this or any previous session taken part in more than one half of a game or in more than one game on the Senior Hockey team, provided, however, that such a player may be reinstated by a statement in writing from the coach to the effect that the player is no longer a part of the regular lineup of the team or that he has been dropped from the hockey squad.

(4) Is not an amateur in good standing in the Athletic Association, or has been suspended by that body.

9.—Any match in which a man is played who is ineligible shall be forfeited by the team for which he shall have played. If both teams shall have played such a man, they shall neither receive credit for the match, and in elimination contests shall be disqualified for further competition. In the Inter-faculty Series each shall be credited as having lost the game, nor shall any goals scored be recorded.

10.—Matches shall take place on the dates and at the hours assigned. In no case will overtime be played, but a Draw will be recorded. In the event of a tie the match will be played off at a later date.

11.—Matches will commence at five minutes past the hour ordered, and will consist of two periods of twenty minutes, including any interruptions. Five minutes interval will be allowed between periods. Play shall stop at the end of the second period.

12.—In the event of a team being late, the period will not be extended, but the time will be divided into two equal periods. A team which is not ready to face off with its opponents at fifteen (15) minutes past the hour allotted shall be deemed to have lost the match by default. The opposing Captain, may, however, elect to play the game for the balance of the hour if he chooses, the game being then counted, but such a game must stop at the close of the hour allotted. If neither team is ready at the time the game shall be played for the balance of the hour. The watch of the manager shall be deemed officially to be correct. Games will not be postponed except for bad or inclement weather.

13.—The play shall be governed by the rules of the Intercollegiate Hockey Union, where they apply and are not expressly modified. The decision of the Referee shall be final, and any dispute or disorder resulting out of a decision shall cause the offenders to lose the game. The Captain of the team aggrieved may file a protest with the Manager.

14.—The team shall consist of six men and only four substitutes shall be allowed. By mutual consent men may be replaced after they have been removed.

15.—The following officials shall be appointed by the Manager from a neutral Faculty: Referee, Time-keeper, Penalty time-keeper, two goal judges.

16.—Coaching from the sidelines will not be allowed.

17.—The contests within a faculty shall be elimination matches. The winners shall play off for the championship of the Faculty.

18.—The Faculty Champions shall play off in a single series of matches for the Inter-faculty title, which shall be awarded to the Faculty scoring the most points.

19.—The points in the Inter-faculty series shall be awarded as follows:—

Won, 2 points; draw, 1 point; lost, no points.

20.—Protests must be submitted in writing to the Manager on the day following the match for transmission to the Hockey Club. No appeal shall be allowed in the case of protests arising out of:—

Matches defaulted.

Men who were not eligible to compete.

Failure to submit list of players.

Matches forfeited by disorderly conduct.

21.—The penalty for a major foul shall be four minutes, and for a minor foul two minutes. If any player shall incur four minor penalties, or two major penalties, in any one game he shall be suspended from the league for one game played by his team, and if after such an occurrence he incur such number of penalties in any future games he shall be barred from further participation in inter-class or inter-faculty hockey for the year. He may appeal to the Manager for reinstatement.

22.—The winners shall hold the "Capper-Porter Trophy" for the year.

ALL STAR FACULTY HOCKEY.

A.—The following rules governing Inter-Class Hockey shall be complied with and shall govern Inter-faculty Hockey.

B.—In rules 3 and 4 for Inter-class Hockey for "Class" and "Class Manager" substitute "Faculty" and "Faculty Manager" respectively.

C.—Rule 17 is deleted.

D.—Delete and substitute "Representative Faculty Teams shall play in a single series for the All-Star Inter-Faculty Title, which shall be awarded to the team scoring the most points."

E.—This series shall be for the faculty hockey championship of the University, and shall not be played for the "Capper-Porter Trophy."

pointed, Mr. Ferrier and another governor should call on him and arrange the details in person. They made their visit. In a brief conversation the scholar inadvertently convinced them that he would not do at all. With great presence of mind, they conversed on other matters and did not deliver their message. They came home with the advice that the Nova Scotian should be preferred. Thus Sir William Dawson became president of McGill. About this time he, with Dr. Ryerson, of Upper Canada, and certain other commissioners, were investigating King's College, Fredericton, now the University of New Brunswick, to find out what was the matter with that institution. I should like to know the name and future history of the English scholar who played the part of Dr. Fell in the presence of Mr. Ferrier and his colleague. But it is a safe bet that he did not become so famous as a master or so successful a university administrator as the Pictou County man.

They came home with the advice that the Nova Scotian should be preferred. Thus Sir William Dawson became president of McGill. About this time he, with Dr. Ryerson, of Upper Canada, and certain other commissioners, were investigating King's College, Fredericton, now the University of New Brunswick, to find out what was the matter with that institution. I should like to know the name and future history of the English scholar who played the part of Dr. Fell in the presence of Mr. Ferrier and his colleague. pointed, Mr. Ferrier and another governor should call on him and arrange the details in person. They made their visit. In a brief conversation the scholar inadvertently convinced them that he would not do at all. With great presence of mind, they conversed on other matters and did not deliver their message. INTERMEDIATE AND JUNIOR SCHEDULES

Basketball Schedule for City League—Fast Workouts

The Intermediate and Junior basketball squads were put through an excellent workout last night. Coach Manley was in charge and kept the men at it throughout the whole period. A noticeable feature was the improvement shown in passing and checking, due to the coach's tireless efforts. Manley is well liked by the men and seemed to have their confidences. Everyone on the squad worked out to the limit and each man was given an equal chance.

McGill is entering teams in Intermediate and Junior "B" divisions of the City League this year, and the second

rules but is really over-anxious. It is likely that a move will be made to have the penalty reduced to five yards. Another change that will be presented at the meeting will be that concerning the abolition of hurdlings by players in an attempt to make gains. The spectacular leaps in the air made by the men when they are in difficult positions are very interesting from the point of view of the spectators but are very often the cause of serious injuries to the players and there seems to be a pretty general accord in opinion to the effect that the play should be forbidden. The extension of the three-yard interference zone to the touch-lines on the gridiron will be another matter that will be brought up for discussion. Although the interpretation of the rules this year would lead one to believe that the interference is only allowed on the actual line of scrimmage the officials have been very lax in allowing it to extend across the field. Teams that have been coached to play strictly according to the rules have been working under a hardship and the best plan seems to be to make the present system used to have interference right across the field legal. Whether or not the matter of the adoption of the forward pass will be brought up is doubtful but there has been considerable discussion about it for some time past and it may be introduced by some of the delegates from the Toronto district. At the present time McGill is presenting a neutral stand on the question and will not oppose a move to adopt it or to retain the present style of play. It does seem certain, however, that if the play is adopted, that the rules will have to be framed very carefully to make it a success. It took much study to make the play a good feature of the American game and the methods they followed on the other side of the line will have to be carefully studied in introducing the play into the Canadian style of contest.

MARITIME-WESTERN DANCE ARRANGEMENTS

When the Venetian Gardens' orchestra starts playing next Tuesday evening at 9 o'clock at the Maritime-Western dance the two extremes of our fair Dominion will be well represented on one of Montreal's greatest grid-irons of "indoor sport", namely, the smooth dancing floor of the Venetian Gardens. Dietetics tell us that from their point of view herring and "spuds" do not mix very well with "salmon" and "wheat" but when it comes to social mixing—well, that is a different matter altogether. Suffice it to say that when "East meets West" on Tuesday evening, a good time is insured and the presidents of both clubs, with their executives, are leaving nothing undone to make the "Mari-West Informal" a complete success. The patrons and patronesses of the evening are Sir Arthur and Lady Currie, Dean and Mrs. A. W. Thornton, Dean and Mrs. H. S. Birkett, Dr. and Mrs. A. B. Chandler, Mr. and Mrs. M. F. Gregg, V.C.

EXCELLENT PROGRAM FOR BOXING SHOW

Best Talent in Montreal at Union Tonight

THIRTEEN BOUTS

McGill Men Entered in Seven Events

With several Provincial Champions scheduled to take part, with entries from eight different boxing and wrestling clubs, and in the presence of from forty to fifty delegates of the Canadian Amateur Athletic Union, from various parts of the Dominion, the entertainment being held to-night in the Union under the auspices of the McGill B., W. and F. Club promises to be one of the best amateur boxing and wrestling exhibitions seen here for some time.

There will be thirteen bouts of boxing and wrestling in all, nine boxing and four wrestling, as given below, the intervals between bouts being enlivened by a jazz orchestra. McGill men are entered in three boxing and four wrestling bouts, the boxers being Adams, Schlieffer and Marshall, and wrestlers MacDonald, Reed, Howes and McNaughton. These men are all going up against first rate opponents, and there should be some very stiff contests result. Marshall, the 158-pound McGill representative, goes into the ring with Beaubien, Provincial amateur champion. Marshall has been showing excellent form all along this fall, and this bout will be one well worth watching. In the 125 pound class Adams of McGill goes up against Volkert, of the Guards, who is City 125 pound champion. This, too, should be a fast and furious bout. Schlieffer, 118 pounds, is boxing Rennie, of the Guards. Schlieffer, it will be remembered, won the University championship last year, and has been practising hard this season, and will no doubt put up a very good fight.

Among the McGill men wrestling, the bout between Duchette and Reed will be very interesting, inasmuch as these two wrestled a no-decision bout at the National Club recently.

Among the other bouts, that between Chabot, of the Nationals, and Durand, of St. Brigid's, should be very exciting, these two having lately met, and will be anxious to reach a decision.

The participants in the special 65-pound class bout put on by the University Settlement, will be Sidney Debrovsky vs. Sam Spunt. This should prove a highly entertaining bout.

As can be seen from the list of men taking part, there is an abundance of talent in the entries, and a very excellent evening's entertainment should result. The officials for the meet are: Master of Ceremonies—G. P. Smith, Timers—J. F. Savage, J. Taylor and Prof. E. Brown. Boxing Referee—Billy Armstrong. Boxing Judges—Hon. Callary Jack McBrearty, Eugene Brosseau and Ernie Robinson. Wrestling Referee—Frank Saxon. Wrestling Judges—A. V. Hamilton, Francis Eagan.

The list of events follows: BOXING 115 lbs.—David Spunt, University Settlement vs. Riley, Guards. 125 lbs.—Adams, McGill vs. Volkert, Guards. 10 5lbs.—Schlieffer, McGill, vs. Rennie, Guards. 115 lbs.—Sylvester, C.P.R., vs. J. Duchon, University Settlement. 125 lbs.—Mickey McGowan, M.A.A.A., vs. Louie Dettner, M.A.A.A. (exhibition). 12 lbs.—Anderson, C.P.R., vs. L. Boudreau, National A.A.A. 115 lbs.—Durand, St. Brigid's, vs. Chabot, National A.A.A. 65 lbs. (special).—Sidney Debrovsky, University Settlement, vs. Sam Spunt, University Settlement. 158 lbs.—Marshall, McGill, vs. Beaubien, Cercle Outremont.

WRESTLING 118 lbs.—McDonald, McGill, vs. Gratton, National A.A.A. 125 lbs.—Reid, McGill, vs. Duchette, National A.A.A. 135 lbs.—Howes, McGill, vs. Filion, National A.A.A. 145 lbs.—Georges, National A.A.A., vs. McNaughton, McGill.

The admission charge will be fifty cents, open to all.

AT THE THEATRES

IMPERIAL.

The Miracle Girl, Hope Eden, will be presented at the Imperial next week by the Master Mind "Frescott." In order to reach a greater number at each performance, everyone is requested to have his or her name in mind, ask a question, written questions are not necessary but may be offered if so desired. Joe Shriner and Billy Fitzsimmons will be seen in a novel comedy diversion entitled "The Newsdealer". Comedy as fresh as a new story and songs of the ragtime variety, and the old ones of yesterday go to make up an offering that the public consider just right. Cook & Oatman are delirious from song-lang. They are a boy and a girl and with a piano they make the old triangle look as fresh and bright and as new as though it had never been used before. Excepting the pipe organ there is probably no instrument that has greater range or more tone color than an accordion. Paradoxical as it may sound, although there are many accordionists, there are few accordionists. Many attempt this instrument but few succeed. Among those who have are Dan Bourdini & Adele Bernard, who might safely be called "Ultra Accordionists". There is jazz, harmony and classical music. Betty Donn is known as the girl with the velvet voice. She doesn't claim to be a prima donna, although her vocal range is of that quality. She is the possessor of a fine voice and uses it to sing fitting likeable songs. Three constitutes a trio, therefore, Cornell, Leona and Zippy are a trio. Nevertheless, there are only two people in the act for Zippy happens to be a dog, but he does his share if not a little bit more to bring the act under the wire a winner. They are seen in "Varieties a la Carte", that is variety as you want it. The most riotously funny screen farce in years, "Love is an Awful Thing," featuring Owen Moore, will be the photoplay for the week.

E. T. CLUB TO HOLD DANCE IN JANUARY

To hold a dance or not to hold it, that was the question discussed at the meeting of the Eastern Townships Club yesterday evening in the Union when the decision was that in view of the great success of the last dance another was to be held as soon after the sessional exams in January as possible. It is the intention to limit the sale of tickets to club members exclusively, any Eastern Township man not a member of the club will be unable to secure a ticket. The club also decided to begin a campaign for new members, there is room for ten or twelve new men so that any Eastern Township man who desires to become a member of the club should apply at once to the secretary.
